Angelic Gratitude Meditation ~ Gratitude is the key to open the floodgates of the Universal Good. Come and experience this beautiful Meditation and let the Angels guide you to open up all inner channels to gratitude that shall help you manifest the life you wish to have. It is the Giving and Receiving that goes in a circle; First we Give (Gratitude) - then we Receive (to Give more Gratitude).

Awakening to Abundance Workshop ~ It is a deep cleansing and clearing workshop for paving the path towards abundance and prosperity. Move from Lack to Abundance Consciousness. This workshop traverses you, to move away from all Lack thinking, beliefs and thus Lack Consciousness and steer you towards the greater pastures to experience Abundance in all aspects of Life; be it Money, Love, Time, or Resources to accomplish your Life Purpose.

Soul Freedom Meditation for the Full Moon ~ This is a high impact, deep cleansing power meditation healing that involves many a times, past and current lives karmic closures as well. This was gifted to Roshani Shenazz to spread it far and wide as this Healing Mediation shall attune all those who go through it, not just to empty but to be at the highest frequency and vibrations and be in the flow of the ongoing and upcoming New Age Energies. A Meditation healing that she is guided to spread in every household.

Archangel Michael Invocation With Shivaic Dance Release Meditation ~ A powerful AA Michael Invocation to eradicate blockages, trauma, hurt or any negative entity or energies. This is followed by a powerfully channelled Shivaic Chant Music on which a Guided Meditative dance is conducted through which all deep rooted toxins are transmuted. People have experienced high energy transformation at the end of the evening and some have also tangibly lost weight after the session, due to the sheer power of the guided healing for releasing all the unerving.

Angelic Bucket Release Meditation ~ When all energies are scattered, Angels help us to fill it all in a Bucket and release it to the Light. A deep cleansing power meditation that helps you collect all the unerving from within, and process it for purification, cleansing and transmutation to the Eternal Light.

Angelic Manifestation New Moon Meditation ~ When past patterns are erased we are able to manifest the true magnificence of who we are. Set your 2017 and your life goals and move them into manifestation through this Angelic high energy and vibrational mediation.
